MOVING AT INGLESIDE.

Lots Selling and Houses Under Contract in that Subdivision.

The past week has developed several transfers in the Walbridge subdivision of Ingleside, all buyers intending building this spring. Lot 44 has been purchased by C. W. Simpson, who intends to build at once for his own occupation. Lot 43 has Area of About Sixty Acres Will been secured by Paul V. Keyser, also a home builder; Clarence A. Miller will put a 30-foot-front house on lots 35 and 36, and Kennedy & Davis Co. will build six or seven houses on lots 29 to 34 inclusive These improvements are in block 14, facing Lamont street, between Seven-

teenth and Eighteenth streets. L. E. Breuninger will build a residence for Mrs. S. L. Jenkins opposite the home for several years for its golf course. The of Byron Adams, on a lot thirty-five feet tract lies between the clubhouse and Wisfront. All these sales were made through consin avenue, and is valuable property the officer of the Walbridge estate.

ANCIENT DIE PRESERVED

Museum of Athens Contains Only Antique Instrument for Making Coin. Prof. K. Zengelis, writing in the Chemi- a chance to lose its golf course. ter Zeitung, calls attention to what is It was found in Egypt in 1904, but is now

in the museum at Athens. It consists of bronze, and is engraved with the owl that was stamped on Athenian tetradrachma pieces, which contained about as much silver as three quarter dollars. The die is of high scientific interest on account of the evidence it gives of the skill of the ancients three or four hundred years before Christ, in

The die is extremely hard, but at the same time possesses a certain malleability, due to the great purity of the copper all traces of lead and zinc to preserve the hardness, and from arsenic and antimony will be as soon as the details of the trade

CLUB BUYS DODGE TRACT

Chevy Chase Organization Secures Permanent Golf Course.

Bring \$120,000, Property Being Available for Building.

Preliminary action has been taken by the board of governors of the Chevy Chase Club to purchase that portion of the Dodge tract which the club has leased aside from its use as a golf course. In deed the increasing value of the property for building purposes, has already made its holding under lease insecure, and the club was practically face to face with the problem of buying the property or running

The tract to be purchased contains probably the only genuine antique die about sixty acres, and the purchase price used for coinage that has been preserved. is understood to be \$120,000. It is understood that a portion of the cost price will be pain in cash and the remainder secured a mortgage upon the property. tract, however, is of such a form that a portion of it fronting upon the Tennallytown road and another portion along Bradley lane could be subdivided and sold ground in the central part of the tract for

It is probable that this course will be pursued, and that by the sale of a conmetallurgy. It contains about 221/2 per sidefable number of good building lots

cent of tin and nearly 70 per cent of cop-per. enough could be realized to partially pay for the entire tract. The Chevy Chase Club already owns a good-sized tract of land north of Bradley lane, where it once intended to place the golf course, but it was thought that the and tin, which were carefully freed from Dodge tract was better for the purpose,

WASHINGTON PARKS NOW AT THEIR BEST

of parking, the nurseries for the purtion in Southeast Washington, and on the grounds of the municipal hospital on the Brightwood road. Among the trees most Norway maple, the honey locust, and the

Cost Is Wise Expenditure. It can hardly be doubted that the money. xpended upon the parks of Washingon, whether it is considered from the standpoint of the worth of the land or the ost of maintenance, is wisely spent. The parks are a most valuable asset of the

this realized that a few years ago at the part of visitors. Several of them have initiative of the late Senator McMillan, a been adorned by longes and homes of

park commission was appointed which thoroughly investigated the subject of parks with a view to the future growth of the city and submitted a report which for boldness of suggestion, cost of realization, and general results by way of artistic improvement far excells anything ever attempted by any city in the New World. Since the framing of that report there has been a general disposition on TRANSFER AND STORAGE the part of Congress and the departments to follow its general lines.

Plan of the Park Commission, In brief, the plan of the commission was to transform the Mall into a splendid series of gardens, filled with rare flowers, flanked by savannahs, and these backed up by rows of great public buildings that should occupy the ground between the present Mall and Pennsylvania avenue. The general plan was to liar buildings elsewhere. carry the Mall on to the Potomac River. with the Grant Memorial at one end and and development to the idea of beauty the Lincoln Memorial at the other, with to an extent reached by no other Amerithe McKinley Memorial Bridge extending can city. Its value is recognized by all

National Cemetery in Virginia.

parks, to improve them much more than

on the heights in the eastern end of the

beauty, and lend quite as much to its splendid appearance as the parks and public spaces referred to.

The propagation of trees for this purpose is carried on by the superintendent of parking, the purseries for the purpose. carried on in the spaces assigned to them, that the Mall has been cleared of the railroad tracks, and that the construction of the Grant Memorial is going on in the old Botanic Garden, is proof of the hold the plan of the park commis-sion has upon the public mind. A furused for planting along the streets are sion has upon the public mind. A fur the sycamore, the elm, the linden, the ther detail of the plan is the proposition now taking concrete form for the pur-chase by the government of the land south of Pennsylvania avenue, to be util-

ized in future years for sites of public buildings. Parks About the Reservoirs. About each of the large reservoirs of the city water works are large public parks are a most valuable asset of the They have been improved with a view capital City, and to such an extent is to driving and general sight-seeing on the

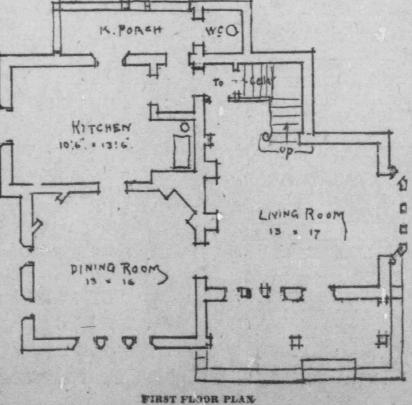

Designed by Wood, Donn & Deming.

the keepers that offer special architec tural beauties. In the accompanying pictures are shown two of these-the lodge at the Brightwood reservoir and the water tower at the Reno station. Both were planned by local architects, and both are highly ornate and appropriate buildings of their kind. In several of the parks are lodges where the keepers have offices and rooms for the transaction of business and the storage of the property needed in the particular park, though in the parks proper there are no living houses, except one or two each in the Zoological and Rock Creek parks, and one in the Botanic Garden.

Type of Architecture Is Unique. The type of architecture in these buildings is unique, as it is devoted to spe cial purposes which do not call for sim-

Washington has thus given attention across the Potomac to Arlington and the who seek our parks and shaded streets, and the tendency is to add to the num-It was further proposed to unite the ber of parks and increase the cost of Mall with the Zoological and Rock Creek their maintenance rather than to settle back upon the notion that the Capital is parks, to improve them much more than now, and to carry across the north end of the District a series of parks which never fully carried out, it is almost cerwould about double the acreage of the large parks of the present day. It was city grows older and the appropriations further proposed to make an extensive made for the purpose make it possible park in the valley of the Anacostia to acquire more land and improve it as River and to add several reservations part of the park system.
